

**SOUTH AFRICAN SOCIETY OF
HAND THERAPISTS**

The South African Society of Hand therapists (SASHT) in conjunction with **Clinical Solutions** would like to invite all SASHT and non-SASHT members to

**A workshop on
Rehabilitation of the Upper Limb
using Mobilization Techniques**

**By
ARIE MICHAELI**

This workshop will cover dynamic and passive mobilization techniques for stiff and painful shoulder, elbow and wrist joints. It will utilize the effective multimodal approach for the management of neuromusculoskeletal conditions to increase clinical skills in the treatment of upper limb pathologies. This workshop will include both lecture and clinical demonstrations by the course presenter as well as online components prior to the workshop.

Saturday 7th July 2018

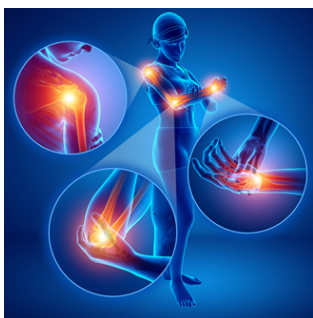

08:00 – 16:30

Venue: Camelot

Cost: R1400 for SASHT members and R1700 for non-SASHT members

17 CEUs including 3 ethics points

Arie Michaeli, MSc PT, MCMT, Clinical Physiotherapist and Lecturer is the developer of the Exercise and Function without Pain concept for the management of neuromusculoskeletal disorders. Arie founded Clinical Solutions, CPD accredited – Continuing Education courses for Health Care Providers, 20 years ago.
